The historic Mariposa County Superior Court is pleased to announce that electronic filing of documents is now available in all case types. This will allow law firms, governmental agencies, and self-represented individuals to file most documents, and pay applicable filing fees, through a secure, single online location. This new process will allow the filing of, tracking of, and access to previously filed documents any day of the week and at any time, even when the court is closed.

Electronic document filing will be through Odyssey® eFileCA which is accessible through the Mariposa County Superior Court Website at www.mariposa.courts.ca.gov from the Online services tab under eFiling.

Electronic document filing is another step forward toward the Court's goal of becoming more accessible to everyone. Attorneys, government agencies and individuals will now be able to file documents from their offices or homes without having the need to travel to the courthouse.
